

# SERHII ROHOVYI

## FRONT-END DEVELOPER

At 16, I show exceptional dedication and passion for front-end development. With over 10 years in Greco-Roman wrestling, I've gained valuable skills like resilience, discipline, and teamwork. My experience in frontend development includes expertise in HTML, CSS, and JavaScript. With a creative approach, I build interactive and user-friendly interfaces. Eager to expand my knowledge and create innovative web applications.

### WORK EXPERIENCE

I have created an online car dealership using HTML, CSS, and JavaScript. My design and development provide an attractive and interactive interface, allowing customers to conveniently browse and select their favorite cars. My contribution to the project helps create an impressive and user-friendly shopping experience.
